

VIBESCOUT® EP
OPTIMIZED FRICTION REDUCTION

VIBESCOUT® EP

The Vibe Scout EP provides the latest evolution in Friction Reduction Technology.

Built upon the proven platform of the existing Vibe Scout, Scout Downhole has evolved the technology to provide superior performance capabilities.

Available in Standard and Ball Drop configurations, the “EP” FRT system incorporates technological advantages that surpass any friction reduction technologies available in the market today.

- **ENHANCED PULSE**
- **ENHANCED PRESSURE**
- **ENHANCED POWER**
- **ENHANCED PERFORMANCE**

VIBESCOUT® EP

“The New Standard” in Friction Reduction Technology!
